#PRA22 REWARDING EXCELLENCE IN THE UK PROPERTY INDUSTRY

The Property Reporter Awards are an industry awards programme designed to reward excellence, innovation, and commitment in the property industry.

Over half a million people work in the UK property market - it is the thriving, beating heart of our economy, and it is constantly changing.

We want to celebrate those who create that change. The businesses who innovate, develop and explore. Those who support landlords, or develop leading property technology, or offer niche property finance.

Help us create positive change in the industry: make a nomination in the 2022 Property Reporter Awards now.
